PROFESSIONAL SUMMARY

A Front-End Developer with practical experience in building interactive web applications, alongside Full-Stack development experience gained through academic and personal projects. I am proficient in HTML, CSS, and JavaScript, as well as modern web development practices, with a strong focus on creating user-friendly interfaces. I am currently seeking to enhance my front-end development and React skills through hands-on training and practical field experience.

WORK EXPERIENCE

Full Stack Developer – Market Makers Company | 2024 – 2025

- Developed a full-stack web application from concept to deployment.
- Designed the UI/UX and built responsive front-end interfaces.
- Implemented back-end services, APIs, and database integration.

Full Stack Developer – TASHKHES Platform (Graduation Project) | 2025 – 2026 Grade: 98/100

- Built a full-stack medical platform with responsive UI/UX.
- Developed authentication, APIs, and database integration.
- Implemented diagnosis, appointment booking, doctor management, and admin dashboard.

EDUCATION

Bachelor's Degree in Multimedia Engineering
Faculty of Engineering and Information Technology
Al-Azhar University, Gaza, Palestine
Graduation Date: 2026
GPA: 89.88

SKILLS

HTML | CSS | JavaScript | GitHub | Figma
